5. New Business

a. Adopt Resolution 16-03 –

Executive Director Pedersen reported that, due to Federal funding regulations, MTA is required to accept/approve MV Transportation's Drug and Alcohol testing program. MV Transportation has provided this Drug and Alcohol program since 2010 in compliance with these regulations.

Motion by Board Member Allen to adopt Resolution 16-03 approving MV Transportation's Drug and Alcohol Program, seconded by Board Member Parker. All ayes; motion carried.

b. Authorize Executive Director to award sale of transit vehicle T-11. - Director Pedersen stated that advertising began for bids on vehicle T-11 in mid-March with interest from A-Z Bus, MV Transportation, Ft. Bidwell Indian Reservation, and a party in Michigan that saw the advertisement on a transit website. T-11 has met its useful life of over 7 years old and has exceeded 175 thousand miles. This vehicle has experienced a few breakdowns on intercity runs and has had various other minor mechanical issues. The bus still has a useful life to another owner. It is not as dependable as other buses in the fleet. Pursuant to a verification of mileage by Chairman Dederick, Director Pedersen reported that T-11 has just over 175 thousand miles on it. A new bus has been ordered and will be paid for with Regional Surface Transportation Program (RSTP) funds; it should arrive in June or July. This will be a low bus with a ramp instead of steps for ease of boarding and exiting the bus. Vehicles T-12 and T-14 are approaching useful life later this year. They are in good working condition and we plan on keeping them in the fleet.

Motion by Board Member Allan to authorize Executive Director to award sale of Transit Vehicle T-11 in accordance with MTA Purchasing Policy and Procedure, or donate vehicle to a social service agency in the event no bids are received, seconded by Board Member Wills. All ayes; motion carried.

c. **Confirm Fixed Assets Inventory and disposition/surplus of assets** - Systems Manager, Niki Witherspoon, stated that vehicle T-11 should be declared surplus and the Executive Director to be authorized to remove from the fixed assets inventory upon disposal. The Fortinet phones and system equipment have been acquired and should be added to inventory.

Chair Dederick asked if the phone system was functioning well. Director Pedersen reported that our phone system is working well, we recently changed to VoiP service and the monthly costs are lowered over our previous provider. In the event of a power outage, calls can still be received (through Frontier) but we use cell phones to call out. The additional system box being added to inventory is for back-up to avoid the delay of shipping time should the current system fail. We have had the Fortinet phones since late 2013.

Motion by Board Member Allan to approve changes to the Fixed Assets Inventory for the deletion of vehicle T-11 and the addition of Fortinet phones and system, seconded by Board Member Wills. All ayes; motion carried

6. System Update, Communications and Calendar - Transit Manager, Cindy Imbach, presented an overview of the charts below stating that the passenger counts have increased in 2015. Mileage has also increased due to extended hours and increased riders on Dial-A-Ride.

Other Information -

- Board Member Parker mentioned that he had observed a passenger who was unable to be picked up around noon from 4 Corners. Imbach replied that we have been short two drivers and it has been necessary to close for the lunch break on Monday, Wednesday and Friday. This will be a temporary inconvenience until a driver returns from vacation.
- Board Member Wills questioned whether we could work with the Senior Center for rides. Director Pedersen mentioned that Sage Stage has discussed this idea with them and have been told that if their vehicle is unable to serve the seniors they will call Sage Stage. Also, the seniors only need to pay by donation for their bus, of which oftentimes is a quarter. We have a couple regular Sage Stage riders to and from the Senior Center.
- Board Member Parker noted that the Cedarville route has increased in ridership and Transit Manager Imbach mentioned that there have been two regular riders from Ft. Bidwell and a third who often rides from Cedarville to the New Day Academy. We hope to generate more riders with marketing.

- Director Pedersen referred to a copy of Modoc County Board of Supervisors Resolution 16-09 which states that the Board of Supervisors recognizes the Modoc Transportation Agency (MTA) as the sole agency responsible for providing public transportation service operations in Modoc County. This resolution mirrors resolution 16-8 for MCTC as the agencies are considered two separate entities even though there is a joint powers agreement, and is a requirement of CalPERS.
- Director Pedersen mentioned that the Surprise Valley Saturday Market group has requested rides from Alturas to Cedarville every two weeks starting on the 25th of June. The first market on June 25 will be a free service and we will use the opportunity to market the Cedarville/Ft. Bidwell route. For further market days, a minimum of two riders will be required to make the run.
